### CCTV COURSE

This is the course to get employment as a CCTV operator anywhere in the security industry. (Offices, Factories, Warehouses, Corporate, Reception Areas, Shops, Building Sites, Mobile Patrols, Pubs, Clubs etc) This course will allow you to get an SIA licence to work as a CCTV operator.

Candidates must be 18 or over, not have a serious criminal record in the last 5 years and have proof of identity. The SIA website has full information about identity documents and the types of offences that would lead to them refusing a licence. For example, motoring offences are ignored.

We have trained security officers for many security companies and clients. In recent times we have trained people working at the BBC, The Olympic Village, Heathrow Airport, Tower of London, Tate Britain, Tate Modern, Royal Courts of Justice, BP Headquarters, Sky TV, Channel 4, The O2 Arena, The Oxo Tower, Victoria and Albert Museum, Natural History Museum, Science Museum, Museum Of Childhood, The Shard, British Gas HQ, 20 Fenchurch Street (Walkie Talkie Building), Household Artillery Company, Fabric Nightclub, Arsenal FC, HMV Oxford Street and ITV South Bank.

Candidates must attend the whole course.

It is a 3 day course in the classroom, but you need to spend a full day before the course starts reading the pre-course material and completing the workbook that goes with it. Both are on our website. You will be doing an exam based on this home study, so it is not possible to pass the course without doing it! The workbook can be printed out and brought to the training or you can just make notes of your answers and bring them to the course. If you have recently trained as a Door Supervisor and have your certificate you might be exempt from the Home Study unit. Please contact us to check in advance of the course if you are exempt.

The course is a mixture of theory and practical. You will be using CCTV equipment and will also be assessed on your use of CCTV.

### **When**
